Subject: Ostomy Association of Bermuda

Hello Everyone,

You are all invited to the **30th anniversary** of the Ostomy Association of Bermuda. In the event that you won't be able to make it, you might want to send your greetings and well wishes to Lynn John, the current president and Mrs Lovinia Flood, the past president. Mrs Flood was president for 11 years and will continue to help ostomates in Bermuda.

This is a wonderful achievement and the group should be proud of the good work that they do for ostomates and their families in their area.

Have a great day and stay cool.
